

**1 SCOPE**

- 1.1 These Conditions shall apply to all contracts and agreements between CW-I and the Customer, whether written or oral, for the sale or supply by CW-I of any Prototype Products and/or Services, to the exclusion of any other terms and conditions on which any purchase order or other offer has been given to CW-I.
- 1.2 In case of any inconsistency between the terms and conditions of any Quotation, purchase order, acknowledgement or form of contract sent from the Customer to CW-I, or contained in any other communication between the Customer and CW-I, or any terms and conditions implied by trade, custom, practice or prior course of dealings, and these Conditions, then these Conditions shall prevail. Additional or alternative terms and conditions shall not apply unless expressly accepted in writing and signed by an authorized representative of CW-I. Additional, alternative or contradictory provisions contained in any purchase order, acknowledgement or other communication from the Customer are hereby expressly rejected and shall have no binding effect.
- 1.3 Each purchase order, acknowledgement or form of contract sent from the Customer to CW-I for the supply of Prototype Products and/or Services shall be deemed to be an offer by the Customer to purchase Prototype Products and/or Services subject to these terms and conditions. CW-I may accept or reject any such offer to purchase. Silence on the part of CW-I shall not constitute acceptance of Customer's offer to purchase.

**2 ORDERS AND ACCEPTANCE**

- 2.1 Specifications or any description of the Prototype Products or Services appearing in any catalogue or marketing materials shall not form a part of the contract between CW-I and the Customer unless such specification or description is specifically referenced and restated in the Order and specifically acknowledged by CW-I in its acceptance.

**3 PRICE AND PAYMENT**

- 3.1 All prices quoted by CW-I are exclusive of Value Added Tax and all other sales, use, excise taxes, duties, charges or similar.
- 3.2 Unless otherwise stated in any Quotation or otherwise expressly agreed in writing, all prices are exclusive of all shipping costs and insurance, which shall be invoiced to and be paid by the Customer as additional charges.
- 3.3 Unless otherwise stated in any Quotation or otherwise expressly agreed in writing, all prices are exclusive of the cost of installation, engineering and related charges, which shall be invoiced to and be paid by the Customer as additional charges.
- 3.4 Unless otherwise agreed in writing, the Customer shall make payment of the purchase price in the currency stated in the Quotation, at the times stated in the Order or otherwise upon delivery of the Prototype Products and/or completion of the Services, without deduction or set off of any kind in accordance with Article 3.6.
- 3.5 In the event that manufacture, shipment or delivery of the Prototype Products or performance of Services is delayed either at the request of the Customer or by reason of the Customer's act or omission (including the Customer's failure to ready the site for installation), or any extreme weather conditions or non-standard site conditions, payment of the balance of the purchase price shall nevertheless fall due on the date on which payment would otherwise have fallen due but for such act, omission or event. Risk in the Prototype Products shall pass to the Customer as if the Prototype Products had been delivered in accordance with the original delivery schedule and CW-I may ship the Prototype Products (in either completed or incomplete form) to either a storage facility designated by the Customer, or to any storage facility designated by CW-I, and the Customer shall (without limiting any other right or remedy available to CW-I) pay to CW-I upon demand the amount of any additional storage, transport or other, costs and insurance expense incurred by CW-I.
- 3.6 Each payment shall be made within thirty days of the date of invoice, either by prepaid telegraphic transfer to an account designated by CW-I or by irrevocable letter of credit confirmed by a London clearing bank, and payable upon presentation of invoice and customary shipping documents. Except where a credit account has

been opened for the customer by CW-I, payment shall be made in advance of Prototype Products being released for shipment against a pro-forma invoice.

- 3.7 If the Customer disputes any invoice or part thereof, the Customer shall immediately pay the undisputed portion of the invoice and shall immediately notify CW-I in writing of the reasons for such dispute. The parties shall seek to resolve the dispute within fourteen days of such notification. Upon resolution of the dispute, such sum as is agreed by the parties as payable shall be paid immediately to CW-I, together with any interest due under Article 3.8.
- 3.8 In addition to any other rights and remedies CW-I may have, if any payment due to CW-I is not made on the due date:
- (a) the Customer will pay interest on the overdue amount for the time being outstanding, calculated on a daily basis at a variable rate of six per cent per annum above the 3 month US Dollar London Interbank Offered Rate (Libor) (as varied from time to time) from the due date until the date of actual payment time), and compounded monthly;
  - (b) CW-I may suspend further deliveries to the Customer until all sums overdue from the Customer have been paid;
  - (c) all sums invoiced by CW-I to the Customer (whether or not outstanding) shall become immediately due and payable in full;
  - (d) all outstanding bonds issued by CW-I, if any, shall be released; and
  - (e) CW-I may deduct the same from any sum then due to the Customer under the Order or any other contract between CW-I and the Customer.
- 3.9 CW-I may, as a condition of the performance of any of its manufacturing, supply or other obligations under its contract with the Customer, require the Customer to provide to CW-I written evidence in a form satisfactory to CW-I that the Customer has secured the finance necessary for the Customer to pay the purchase price. Without limiting any other right or remedy available to CW-I, CW-I may cease or delay the manufacture or shipment or installation of any Product until the Customer has provided such evidence to CW-I.

#### **4 DELIVERY, TITLE AND RISK OF LOSS**

- 4.1 All times and dates given by CW-I for delivery of Prototype Products and performance of Services are given in good faith, and CW-I shall use reasonable efforts to meet such delivery times and dates, but time shall not be of the essence and, except as expressly provided for in this Article
- 4.1 CW-I shall have no liability to the Customer in the event of a delay in delivery or performance.
- 4.2 The Customer shall make available free of charge and risk to CW-I at the times stated in the Quotation or otherwise in a timely manner all necessary personnel, materials, equipment, resources, instructions, documents, licenses, authorizations, approvals and site access ("Customer Resources") reasonably required by CW-I to supply the Prototype Products and/or Services, and where applicable, the Customer shall remove any Customer Resources which are at CW-I's premises and which have not been incorporated into the Prototype Products, at its sole expense on expiry or earlier termination of any Order. The Customer hereby represents and warrants that it has the full right, authority and licence to supply and disclose the Customer Resources and that any Customer Resource and its use by CW-I for the purpose of supplying the Prototype Products and/or Services will not infringe the copyright or other intellectual property rights of any third party.
- 4.3 In the event of any failure or delay on the part of the Customer in supplying the Customer Resources, or if the same are not in accordance with the Order or are not fit for the purpose provided, then CW-I may notify the Customer thereof, and the Customer shall as soon as reasonably practicable and at its own expense supply replacement Customer Resources. CW-I may: (i) extend the period for delivery of the Prototype Products and/or Services by a reasonable time; and/or (ii) adjust the price to reflect any additional costs incurred by CW-I as a result thereof and the Customer shall pay such additional charges; and/or (iii) serve notice under Article 11.1(b).

- 4.4 Unless otherwise expressly stated in the Quotation or Order, delivery of Prototype Products shall take place Ex Works (EXW) (in accordance with Incoterms) at the place where the Product is handed to a carrier for carriage either to the Customer or to a storage facility pursuant to Article 3.5, at which point title to, risk of damage to, and loss of the Prototype Products shall pass to the Customer. For the avoidance of doubt any such transfer of title in the Prototype Products shall not imply transfer of ownership of any Intellectual Property therein.
- 4.5 As security for the full and prompt payment of all amounts owed by the Customer to CW-I, the Customer grants CW-I a security interest in all Prototype Products and their proceeds, supplied by CW-I to the Customer. The Customer shall execute all such documents and do all such other things as may be reasonably necessary or desirable to perfect and register such security interest.

In addition to CW-I's rights under Article 11, if the Customer fails to pay or perform when due any amount or obligation owing to CW-I under these Conditions, or if the Customer ceases or threatens to cease to carry on business or substantially the whole of its business, becomes unable to pay its debts, becomes insolvent or bankrupt, enters into liquidation, or a receiver, administrator, administrative receiver, manager, trustee or similar officer is appointed in relation to it or over any of its assets, or any action is taken or threatened by or against it analogous to the foregoing in any jurisdiction, then CW-I may declare all amounts and obligations of the Customer owing to CW-I immediately due and payable, and CW-I shall have the rights and remedies of a secured party.

- 4.7 For as long as payment is overdue, the Customer shall, if requested, deliver up the Prototype Products which have not been paid for in full to CW-I and, if the Customer refuses, CW-I shall be entitled at any time to recover possession of such Prototype Products from the Customer. CW-I or its duly authorized agent is hereby irrevocably authorized to enter upon the land and into the premises of the Customer during normal business hours to take possession of the Prototype Products.
- 4.8 In the event that period of delay referenced in Article 3.5 exceeds six months, CW-I shall be entitled (at its sole discretion) to cancel the Order and to retain any amount of the purchase price already paid, whereupon CW-I's further obligations to the Customer shall be extinguished. Nothing in this Article 4.8 shall restrict CW-I's right to pursue damages or any other remedy to which CW-I may be entitled as a matter of law.
- 4.9 CW-I reserves the right to make substitutions, modifications and improvements to the Prototype Products or Services ordered by the Customer provided that such substitutions, modifications or improvements shall not adversely affect the functionality or performance of the Prototype Products or the quality of the Services, in a manner material to the intended application of the Prototype Products or Services.
- 4.10 CW-I shall have the right to make, and the Customer agrees to accept, delivery by instalments.
- 4.11 Upon delivery, it shall be the responsibility of the Customer to inspect the condition of the Prototype Products and that they conform to the Order. The Customer shall have no claim against CW-I by reason of the defects in the condition of the Prototype Products at time of delivery or failure to conform with the Order unless the Customer provides written notice of such defect or failure to conform to CW-I within five days of delivery by CW-I of the Prototype Products.

## **5 WORK PERFORMED ON CW-I'S OR CUSTOMER'S PREMISES**

- 5.1 Where Customer's employees, agents and representatives attend CW-I's or its Affiliates' sites, they shall abide by such regulations, including without limitation security and health and safety regulations, as are applicable to their presence on CW-I's and/or its' Affiliates' premises. Customer shall ensure that appropriate insurance is maintained to cover its obligations under the Order and shall upon CW-I's request provide current certificates of insurance

- 5.3 Where the Order requires CW-I to perform work at the Customer's or others' premises, the Customer shall be responsible for arranging, in good time, all permits, licences or other permissions necessary to enable CW-I's

employees, agents and representatives to gain access to and perform work at such premises. CW-I's employees, agents and representatives working on the Customer's or others' premises shall abide by such regulations detailed in the Contract as are applicable. If installation services are part of the Services contained in any Order, then the parties shall agree separate terms and conditions which apply to the installation services.

- 6.1 CW-I grants to the Customer a non-exclusive royalty-free licence to use the Prototype Products solely for the purposes expressly stated in the Order as being the purpose for which the Prototype Products are supplied or, if no such purpose is stated, solely for the purpose stated within CW-I's accompanying documentation and in any event, solely in accordance with any instructions set out in such documentation.

- 6.8 The Software may include one or more programs and documentation owned by third parties and distributed by CW-I under license. The Customer hereby agrees to be bound by all third party licences that govern the Customer's possession and use of such program(s), and if provided to the Customer, regardless of whether provided as part of the program's shrink wrap package or in electronic format displayed during program boot up or operation or in any other form. The Software will at all times remain the sole and exclusive property of CW-I or its licensor (as the case may be), and the Customer shall obtain no title to or interest in the Software.

9.5 The Customer shall be responsible for complying with any legislation or regulations governing the importation of the Prototype Products into the country of destination and for the payment of any duties or taxes. ### **14 INFRINGEMENT INDEMNIFICATION**

- 14.1 The Customer agrees promptly to notify CW-I in writing of any notice, proceeding, or any action against the Customer based upon a claim that any Product infringes any patent copyright, trademark, or other intellectual property of a third party granted at the time of Order in either the United States, the United Kingdom or Germany,. PROVIDED THAT the Customer is not in breach of these Conditions, CW-I will defend, at its expense, any such action, except as excluded below, and shall have full control of such defense including all appeals and negotiations, and will pay all settlement costs, or damages awarded against the Customer.

- 14.3 Customer shall not do anything that might be prejudicial to any proceedings or actions. Customer shall do nothing which would or might vitiate any insurance which the Customer may have relating to any claimed infringement and shall use its best endeavours to claim costs, or damages awarded against the Customer under such insurance, which shall be offset against any settlement costs or damages to be paid by CW-I in accordance with this Article 14. 15.2 CW-I shall not be obliged to safeguard or hold confidential any data, technical or other information, furnished by the Customer for CW-I's supply of Prototype Products and/or performance of Services unless (and only to the extent that) the Customer and CW-I have entered into a separate written confidentiality agreement.

15.3 All rights in any intellectual property created, designed, or conceived by CW-I in connection with or arising out of the performance of the Order by CW-I shall vest exclusively in CW-I and/or its suppliers. Except as agreed to in writing by CW-I, no work performed by CW-I shall be considered a work made for hire.

## **16 INJUNCTIVE RELIEF**

It is expressly agreed that unauthorized reproduction, disclosure or unauthorized use of the Software or disclosure by the Customer of any of CW-I's Confidential Information or proprietary data supplied to the Customer will cause immediate and irreparable harm to CW-I for which money would be an inadequate remedy. In addition to any and all remedies available at law, CW-I shall be entitled to injunctive or other equitable remedies in all legal proceedings in the event of any threatened or actual reproduction, disclosure or use of CW-I's Confidential Information or proprietary data.

## **17 GOVERNING LAW AND JURISDICTION**

17.1 These Conditions shall be governed by and construed in accordance with:

(a) (where CW-I is or includes a United States domiciled entity) the laws of the State of New York, exclusive of any choice of law provisions; or

17.2 All disputes arising out of or in connection with these Conditions and each supply of Prototype Products, Software and/or Services by CW-I to the Customer other than a claim for monies due from the Customer to CW-I, but including its existence, validity or termination, shall be referred to and finally resolved in accordance with Article 18. All proceedings shall be conducted in the English language.

17.3 Nothing in this Article 17 shall restrict the jurisdiction of any court that would, apart from the provisions of Article 17 or 18, have jurisdiction over a dispute arising out of or in connection with these Conditions for the purpose of enforcing any right or remedy of either party by means of injunctive relief, specific performance or equivalent remedy which an arbitrator appointed pursuant to Article 18 is not empowered to grant.

17.4 The parties expressly agree to exclude from the Order the United Nations Convention on Contracts for the International Sale of Products, 1980, and any successor thereto.

## **18 DISPUTE RESOLUTION**

18.1 If any dispute arises in connection with the Order, the parties' respective senior representatives will, within ten (10) days after receipt of a written request from either party to the other, in accordance with these Conditions, meet in a good faith effort to resolve the dispute without recourse to legal proceedings. If the parties fail to reach agreement within thirty (30) days after receipt of the written request, any dispute or difference may be referred for resolution in accordance with the following Articles.

18.2 Where CW-I is or includes a United States domiciled entity, any dispute arising out of or relating to the Contract or its breach shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association then in effect. The parties may agree on the selection of a single arbitrator, but if they cannot so agree, each such party shall select an arbitrator and the two selected arbitrators shall select a third arbitrator. No arbitrator may be affiliated, whether directly or indirectly, with any of the parties, including, without limitation, as an employee, consultant, partner or shareholder. The arbitrator(s) shall permit each of the parties to the Arbitration to engage in a reasonable amount of discovery. In the event either party requests arbitration, the arbitration shall be held in New York, New York. The award by the arbitrator or arbitrators shall be final, and judgment upon the award rendered may be entered in any court having jurisdiction thereof.

18.3 Any dispute arising out of or relating to the Order which is not subject to the provisions of Article 18.2, or the breach, termination or invalidity thereof, shall be settled by arbitration in accordance with the International

Chamber of Commerce (“ICC”) Rules of Arbitration as in force at the commencement of the arbitration. If the dispute involves \$5 million or less, the arbitration shall be conducted by a sole arbitrator. Either party to the Order may propose to the other the names of one or more persons, one of whom would serve as the sole arbitrator. If within 30 days after receipt by a party of a proposal made in accordance with this paragraph the parties have not reached agreement on the choice of an arbitrator, the sole arbitrator shall be appointed by the ICC in Accordance with its Rules. If the dispute involves more than \$5 million, the arbitration shall be conducted by a tribunal of three arbitrators, one arbitrator to be named by CW-I, one arbitrator to be named by Customer, and the third arbitrator (who shall serve as the chairperson of the tribunal) to be appointed by the two party-appointed arbitrators.
